EZY SKIM PRO

COMPONENTS

SKIMMING KNIFE 800MM - ES-8003

REPLACEMENT BLADE 800MM - ESB-8003

Built for pros chasing a true Level 5 finish, the EzySkim Pro range features non-slip HD aluminium handles with an easy-clean anodised finish for superior grip and control. High-grade medium flex stainless steel blades deliver a smooth, consistent finish, with a quick-change design.

EXTENDABLE POLE - ESP-0020

ADAPTOR - ESA-0010

The lightweight aluminium extension pole reaches up to 1815mm, while the easy-clip adaptor allows for fast, effortless knife changes.
